APRIL 4, 5, 6
CEG CAMPUS, ANNA UNIVERSITY, CHENNAI

ABOUT US

COLLEGE OF ENGINEERING GUINDY, ANNA UNIVERSITY

The College of Engineering, Guindy (CEG), located in Chennai, is one of the prestigious and oldest technical institutions in India. Over the years, the institution has produced several accomplished laureates in a plethora of fields. CEG comprises 17 Departments and 17 Research Centers.

The school fosters the advancement of the student's pursuit of knowledge along with providing exhaustive opportunities for their excellence.

In addition to these, there are multiple student-run clubs and student-run societies that are open to all students. Having close ties with industries and research practices, CEG helps pave a path for the multipronged growth of its students.

DEPT. OF ECE

The department of ECE became a part of the university in 1945 and is one of the most reputed departments in the nation. The members of this department form the core of intellects that come up with challenging ideas every day. The curriculum has the entire spectrum of electronics briefly encompassed in it.

To add to its credits, this department launched ANUSAT- a microsatellite with the help of ISRO and ANUSAT-2 in 2017. This department is thus a platform to explore electronics and envision communication.

ELECTRONICS AND COMMUNICATION ENGINEERS' ASSOCIATION

Electronics and Communication Engineer's Association (ECEA) is a student-run organization functioning for the well-being of the students for nearly three decades. It is headed by our most revered HOD Dr.M.A.Bhagyaveni, Chairperson, ECEA.

ECEA strives to fulfill its objective to organize various activities that contribute to the academic and professional development of students, along with leadership qualities, teamwork, and other essential employability skills. It builds a platform for young minds to share their thoughts and aid them in becoming productive engineers.

VISION 2025

VISION, a national-level inter-college technical symposium is the pinnacle event of ECEA, a tech-fest for ECE students. It is an annual summit for Electronics and Communication Engineers from all over the country to come together and share their knowledge and expertise. It has an excellent variety of technical and non-technical events along with workshops about new and advancing technology. It acts as a platform for students to exhibit their prowess in cutting-edge technologies.

- A. Symposium is conducted on April 4,5 and 6. Inauguration is held on 4th of April at 4:00PM.
- B. Events and Workshops can be registered through the website portal owned by ECEA.
- C. All the events are conducted at Electronics and Communication Engineering Department located at College of Engineering Guindy Campus, Anna University, Chennai - 600025.
- D. Entry fee of Rs. 200 is required from other college students in order to participate in events. Once paid and verified, the student can participate in all the events.
- E. Other college students registering for any one of the workshops, need not pay any amount to participate in events. They can attend the events for free.
- F. Students of CEG, MIT and ACT campus can participate in events for free. However, they are required to pay amount on events or workshops with entry fee.
- G. Each Workshop is certified by IEEE and are provided to the participants on completion.
- H. Events winners are decided on basis of participants performance and Event organizers decision is final and there will be no change.
- I. Event Cash prize along with certificates are distributed on the final day of the three day symposium. Student can also collect the certificates and prize later within two weeks from ECEA.
- J. ECEA posts regular updates on it's instagram page.

WORKSHOPS

Date: 5th April 2025
Venue: PG, VLSI Lab
Time: 9:30 AM - 4:00 PM

VIVADO AND ASIC FLOW

ENTRY FEE OF 149 Rs

This workshop covers the fundamentals of VLSI and Vivado, providing hands-on experience in FPGA design using Xilinx Vivado and ASIC development. Participants will explore RTL design, simulation, synthesis, implementation, and verification, making it ideal for those interested in digital design and hardware development.

Date: 5th April 2025
Venue: Mini Auditorium
Time: 10:00 AM - 2:00 PM

Data Visualization Made Easy: SQL & Power BI Workshop (Powered by NAF)

ENTRY FEE OF 149 Rs

A hands-on workshop designed for beginners and intermediate learners to master SQL and Power BI. Participants will learn to efficiently query databases and create impactful visualizations for data-driven decision-making. Conducted by NAF - New American Funding, this workshop is ideal for individuals looking to strengthen their skills in data analytics and visualization, particularly in the software domain.

Date: 6th April 2025
Venue: Mini Auditorium
Time: 10:00 AM - 1:00 PM

FINANCE BY KAMALESH RV

ENTRY FEE OF 149 Rs

This workshop provides essential financial literacy, guiding participants through money management, stock market investing, and portfolio building. Attendees will gain insights into stock selection and access expert-approved resources to enhance their learning. Perfect for anyone looking to take control of their financial future and make informed investment decisions.

*All workshops can be registered through our website portal. Students need to register on a fee Rs 149 per person and can also register in group of three for just Rs 299 only. Students registering in any of the workshops can participate in events for free of cost.

TECH EVENTS

Venue: MPMC Lab
Date: April 5, 2025

EXHIVISION
PRIZE POOL OF 8000 Rs

An exciting opportunity for participants to present their innovative projects and research papers. This event showcases creativity, technical expertise, and problem-solving abilities, allowing individuals to demonstrate their work to a diverse audience and engage in meaningful discussions.

Venue: 3rd Floor, IC Lab
Date: April 5, 2025

AMPED UP
PRIZE POOL OF 2000 Rs

A challenge that puts circuit mastery to the test. Participants apply their knowledge to verify theorems and analyze circuit behavior, bridging the gap between theory and practical implementation.

Venue: 1st Floor, JC Bose Block
Date: April 5, 2025

BOT RUSH
PRIZE POOL OF 2000 Rs

A thrilling robotics challenge where participants design and program a line-following robot. Precision, strategy, and speed are key as the robots navigate a predefined track, pushing the limits of automation and control.

Venue: Ground Floor, Lecture Hall
Date: April 5, 2025

CASH CLASH
PRIZE POOL OF 2000 Rs

A unique electronics-themed strategy game that tests both technical knowledge and decision-making skills. Participants must think critically and make strategic choices to gain an edge over their competitors.

TECH EVENTS

Venue: 2nd Floor, Lecture Hall
Date: April 6, 2025

CYBER SPRINT

PRIZE POOL OF 2000 Rs

A coding showdown that challenges participants to apply their problem-solving abilities and programming skills. With a focus on logic and efficiency, this event pushes coders to tackle complex challenges under time constraints.

Venue: 1st Floor, Lecture Hall 2
Date: April 6, 2025

WITBIT

PRIZE POOL OF 2000 Rs

An engaging aptitude challenge designed to test quick thinking and analytical skills. Participants will face a series of thought-provoking problems that demand sharp reasoning and fast decision-making.

Venue: Maxwell Auditorium
Date: April 6, 2025

MIND BRAWL

PRIZE POOL OF 2000 Rs

A test of intellect and adaptability where participants engage in stimulating discussions and debates on technical topics. The ability to think critically, articulate ideas, and present arguments persuasively will determine the winners of this intense competition.

*All events can be registered through our website portal. Students need to register on a fee Rs 200 and can participate in all events.

NON TECH EVENTS

Date: 5th April 2025
Venue: Maxwell Auditorium

MELOCITY 2.0
PRIZE POOL OF 1500 Rs

A music-based event where participants engage in a quiz to guess songs, artists, and background scores. They then complete song lyrics under pressure, and in the final stage, they list themed songs, striking out common ones with others. The remaining unique song count determines the score.

Date: 5th April 2025
Venue: Second Floor Lecture Hall

VILAMBARA IDAIVELAI
PRIZE POOL OF 1500 Rs

An advertising-based event where participants guess famous advertisements from frames, jingles, and lyrics. The final round tests creativity as participants pitch and sell a given product, with the most innovative and convincing presentation winning the event.

Date: 5th April 2025
Venue: First Floor Lecture Hall 1

THE EXIT QUEST
PRIZE POOL OF 1500 Rs

A thrilling challenge starting with a general knowledge and aptitude quiz. The second stage involves an escape room scenario where participants must solve clues and puzzles in the dark to find their way out. The fastest to escape emerges as the winner.

Date: 5th April 2025
Venue: First Floor Lecture Hall 2

CINEMANIA
PRIZE POOL OF 1500 Rs

A cinema-based event starting with a quiz featuring dialogues, connections, and rebuses. The second stage is a snakes-and-ladders game where participants complete movie-related tasks and dares such as dubbing in different emotions and dialogue completion. The first to complete 40 boxes wins.

NON TECH EVENTS

Date: 6th April 2025

Venue: CEG Campus

(Starting Point: Hospi Desk, in front of ECE Dept)

KANDUKONDAIN KANDUKONDAIN

PRIZE POOL OF 1500 Rs

A campus-wide treasure hunt where participants receive locations via WhatsApp upon completing the previous one. They must reach the assigned places, take selfies, and send them to progress. The fastest participant to complete all locations wins.

Date: 6th April 2025

Venue: Ground Floor Lecture Hall, ECE Dept

IPL THUNDER

PRIZE POOL OF 1500 Rs

A cricket-themed event starting with a quiz on players, teams, and connections. The final stage involves bidding for players using an initial budget while meeting specific criteria. The team with the most strategic selection wins.

Date: 6th April 2025

Venue: First Floor Lecture Hall 1

TOON FEST

PRIZE POOL OF 1500 Rs

An event for cartoon and anime enthusiasts beginning with a quiz featuring characters, theme songs, and trivia. The second stage involves a speaking challenge where participants discuss the pros and cons of a given character and creatively mash up two characters from different series in a given scenario, enacting the scene for points.

*All events can be registered through our website portal. College students need to register on a fee Rs 200 and can participate in all events.
